

Golden State Updates

January 24, 2019

Beach properties, harbor hotels and historic city spaces are some of the recent projects across California. Here's more on the updated spaces:

The Westin St. Francis Completes Renovation of Private Rooms

The Westin St. Francis in San Francisco has completed a full renovation of St. Francis Heights and Colonnade, formally the Imperial Floor and the Roosevelt Room, respectively.

These spaces celebrate the culmination of a \$9-million restoration of the hotel's 56,000 sq. ft. of function space. As it celebrates its 115th anniversary this year, the hotel continues to evolve, having finalized a \$45-million renovation of the historic landmark building in 2018.
